### INTRODUCTION TO GARROWHILL PRIMARY SCHOOL

Opened in January 2015, Garrowhill Primary School is a large urban school situated within the Baillieston area in the east end of the city of Glasgow.

This new school building has two floors with accommodation organised into 17 classrooms, a library, 3 large open areas, an assembly hall, gym hall and changing rooms. 16 of the classes are teaching bases, with one as a Cook School. Outdoors we have two large playing areas, an outdoor classroom and 3G all-weather pitch.

## School Vision & Values

### SCHOOL VISION, VALUES AND AIMS

Our school vision, values and aims were updated in March 2015 following consultation with children, staff and parents.

Our **Vision** for Garrowhill Primary School is:

Our vision is built on the **values** we all agree are most important to us. These are shared with the children as "**BRAVE**" (Belief, Respect, Ambition, Virtue, Equity).

Our school values link well to Children's Rights and further details about the expectations of establishments in Glasgow City Council are contained in a **Children's Rights Leaflet** at the following website address:

### Pupil Absence

Within Garrowhill Primary School good attendance is encouraged at all times and children rewarded accordingly. Parents are asked to advise if their son or daughter is going to be absent. This should be done as early as possible on the first day of absence. If the young person is going to be absent for some time, it would be helpful to know at the earliest opportunity. The school uses daily text messaging to inform parents and carers of absence if no contact is made. All unexplained absences are investigated by the school and appropriate action taken. All calls must be made to the Pupil Absence Reporting Line on **0141 287 0039**. The line is open **between 08.00-15.30** Monday to Friday. Alternatively you can use the online form on the Glasgow City Council website: <https://www.glasgow.gov.uk/index.aspx?articleid=18832>

### Medical & Healthcare

The school nurse visits at various times during the year for routine health checks, vaccinations and medical examinations. Parents are kept informed by letter.

**If a child becomes ill during the course of the school day, he/she may require to be sent home. Please ensure that you keep the school informed of all contact details.**

Parents should inform the school of any medical requirements relating to their child. If a child requires medication during the school day, parents must complete the appropriate medical form. This is available on request from the school office.

### Emergencies

We make every effort to maintain a full educational service but on some occasions, circumstances arise which lead to disruption. Schools may be affected by, for example, severe weather, temporary interruption of transport, power failures or difficulties of fuel supply.

In such cases, we shall do all we can to let you know about the details of our closure or re-opening by using texts, app alerts, Seesaw posts and news updates on our website and Twitter feed.

### Curriculum for Excellence 3-18

Curriculum for Excellence has been introduced to raise standards of learning and teaching for all 3 to 18 year olds. It aims to help prepare children and young people with the knowledge and skills they need in a fast-changing world. As part of Curriculum for Excellence all children from pre-school to the end of S3 will receive a rounded education known as a Broad General Education (BGE). Curriculum for Excellence is all about bringing real life into the classroom and taking lessons beyond it. Throughout the curriculum, digital technologies are interwoven and have become an integral part of learning.

Through the experiences we provide at Garrowhill Primary School we want our children to become Successful Learners, Confident Individuals, Responsible Citizens and Effective Contributors. We are committed to providing children with a broad general education and focus on eight curriculum areas.

Expressive Arts	Health & Wellbeing	Languages	Mathematics
Religious & Moral	Sciences	Social Studies	Technologies

Progress in learning is indicated through curriculum levels as detailed below.

Level	Stage
Early	The pre-school years and P1 or later
First	To the end of P4, but earlier or later for some
Second	To the end of P7, but earlier or later for some
Third & Fourth	S1-S3, but earlier for some

**Expressive arts:** The inspiration and power of the arts play a vital role in enabling our children and young people to enhance their creative talent and develop their artistic skills.

**Health and wellbeing:** Learning in health and wellbeing ensures that children and young people develop the knowledge, understanding and skills which they need now and in the future to help them with their physical, emotional and social wellbeing.

**Science:** Science and its practical application in healthcare and industry is central to our economic future, for our health and wellbeing as individuals and as a society.

**Social Studies:** Through social studies, children and young people develop their understanding of the world by learning about other people and places both past and present, societies, their beliefs and values.

**Religious and moral education:** Religious and moral education includes learning about Christianity, Islam and other world religions, and supports the development of beliefs and values.

**Languages:** Knowing other languages and understanding other cultures is a 21st century skill set for students as they prepare to live and work in a global society.

**Mathematics:** Mathematics equips us with the skills we need to interpret and analyse information, simplify and solve problems, assess risk and make informed decisions.

**Technologies:** The range of subjects in technical education has changed significantly over the last two decades and now includes craft, design, engineering and graphics.

There will be opportunities throughout the year for parents and carers to learn more about aspects of the curriculum and to be consulted about significant changes if appropriate.

### Useful websites

Education Scotland [www.education.gov.scot](http://www.education.gov.scot)  
 National Parent Forum of Scotland [www.npfs.org.uk](http://www.npfs.org.uk)

### Religious Observance

Our school is fortunate to have a close link with our local church, Mure Memorial Church which assists with the Christianity element of Religious and Moral Education and provides opportunities for religious observance. Parents have the right to withdraw their child from religious observance and should inform the school in writing if they wish to do so.

An annual programme of Assemblies is structured to provide opportunities for spiritual development, which will allow **all** children, regardless of faith or no faith, to participate. In addition, there are regular visitors to our assemblies to inform our children about the work of a variety of charitable organisations.

Parents and carers from religions other than Christianity may request that their children be permitted to be absent from school in order to celebrate recognised religious events. Only written requests detailing the proposed arrangements will be considered.

Appropriate requests will be granted on not more than three occasions (days) in any one-school session and the child or young person noted in the register using code REL on these days.

### Assessment & Reporting

All children are assessed both formally and informally throughout the year. This allows children and their teachers to identify their strengths and areas for improvement. A variety of assessment methods are used to enable staff to pass on information to parents about the progress of their child. Assessment records are kept by the class teacher and form the basis of discussion at Parents' Evenings in October/November and March. An annual report is sent to parents towards the end of each school year. **Ensure that the school app has been downloaded in order to keep informed about parent consultations.**

If you have any concerns about your child's progress do not hesitate to contact the school.

### Support for Pupils

The school has a duty to ensure that all pupils have equal access to the curriculum, with appropriate support for their needs if required. This applies to the content of lessons, teaching strategies and minor adaptations to the school environment. There are a wide range of factors which may act as a barrier to learning. We are committed to working closely with parents and carers to ensure that they are fully involved in any decisions about support for their children's needs.

*All staff at GPS work to ensure a nurturing approach is taken across all aspects of school life.*

Staff will use many strategies to support children with additional needs such as visuals and now/next signage.

Any parent or carer seeking further advice regarding this should contact the Headteacher in the first instance.

Further information relating to additional support needs is available on the Glasgow City Council website at <https://www.glasgow.gov.uk/index.aspx?articleid=18941>

Information on Glasgow City Council's Parental Involvement Strategy can also be found at <https://www.glasgow.gov.uk/index.aspx?articleid=17870>

## Nurturing City

The Glasgow City Council vision 'towards the nurturing city', puts building positive, trusting relationships at the core of our work. We ensure children, young people and families feel they belong, they are listened to and they are valued by embedding the principles of nurture across our early years, primary and secondary establishments. Staff are trained in attachment and nurture which deepens understanding of child development and enhances effective practice by responding to the needs of all children and young people in a consistent and caring way. Nurture is a universal approach which builds resilience, helping to reduce the impact of adversity. Effective communication and collaboration with parents and carers builds an ethos of partnership working putting the child at the centre, fostering high quality learning contexts.

Each of our nurturing establishments contribute to the development of Glasgow as a nurturing city, creating safe environments which allow our children and young people to flourish by raising attainment and promoting positive mental health and wellbeing.

## School Improvement

On an annual basis, you will receive a copy of our Standards and Quality report. Copies from previous years are available on the school website. The Standards and Quality report highlights progress in key curricular areas such as literacy, numeracy and health & wellbeing. Our priorities for improvement are detailed in our School Improvement Plan which is discussed with our Parent Council. Any parent or carer seeking a copy of the plan can contact the school office or check out our website.

## Promoting Positive Behaviour

Children's Rights as outlined in the UNCRC (United Nations Convention on the Rights of the Child) are fundamental to a good school ethos. Adults in our school will work with children to ensure they are aware of their rights and fully respect the rights of others. Therefore, the approach within Garrowhill Primary School is to build a positive ethos that demonstrates care and respect for all. The highest standards of behaviour are expected of pupils at all times. Where this is not the case, parents will be notified by text, giving them the opportunity to engage in an informed discussion about behavioural expectations in school.

## Home Learning

The school sets home learning on a regular basis and the objectives are to:

1. Reinforce skills taught in the classroom.
2. Establish a pattern of private study.
3. Allow parents to keep in touch with what is happening in the classroom.

## The quality of work produced is important and should reflect the ability of the child.

When implemented effectively, home learning can stimulate further thinking and challenge and facilitate deeper learning for children. It can include a wide range of activities aimed at promoting the all-round development of our young people while supporting families to engage with the learning taking place in school.

Parents are encouraged to participate where appropriate and let us know that they have seen the completed work and approve of the content and quality. Please encourage a high standard of presentation, but do not do their work for them. **If you find your child is having any difficulties, or you are unsure about the work they are doing, please inform their teacher.**

Normally, home learning tasks should not take any more than half an hour unless it is research for Projects, or work not completed in school.

Tasks are issued by way of posts on the child's individual Seesaw journal. **Please ensure that you have downloaded the free Seesaw app, in order to access your child's journal. Seesaw login details will be issued at the start of the school year and can be re-issued in the event of their loss.** Teachers across different year groups in the school will decide on the frequency of home learning and the time allocated to complete tasks. This encourages older children to be self-disciplined in management of time and plan the pace of home learning. It also allows families to have flexibility in managing the support of home learning while working various work patterns.

Typically, Seesaw Home Learning tasks may comprise of any of the following:

- A core spelling task which will usually be to practice a spelling/phonics rule.
- (P1) Oral number practice (P2 upwards) Online numeracy activities (Sumdog).
- Reading, either of the children's own choice of personal reader, or through online books/ebooks from e.g. Oxford Owls.

If your child fails to complete their home learning to school over a period, you will be informed and asked to check up on it. We do expect home learning to be posted or returned on time. This gives children valuable experience of working to a deadline and helps staff with their marking schedules. If family circumstances make it difficult for home learning to be done, please inform the school. Although home learning is important in helping to consolidate what the children have learned during the day, after this is completed, please encourage your children to take up hobbies and other leisure pursuits. Just as adults need to relax after a day at work, so do children after their day's work at school!

Our current school policies are underpinned by Glasgow City Council policies. If you wish to view a copy of the school policies, please contact the Head Teacher. Glasgow City Council policies can be found at:-

[www.glasgow.gov.uk/en/Residents/GoingtoSchool](http://www.glasgow.gov.uk/en/Residents/GoingtoSchool).

### **Parent Council**

The Parent Council is a group of parents/carers selected by members of the Parent Forum to represent all the parents/carers of children at the school. Parent Councils are very flexible groups and the Parent Forum can decide on the type of group it wants to represent their views. A Parent Council could get involved:

- Supporting the work of the school;
- Gathering and representing parents'/carers' views to the Headteacher, education authority and HMIE;
- Promoting contact between the school, parents/carers, children and the local community;
- Fundraising;
- Involvement in the appointment of senior school staff.

Parent Councils are recognised in law from August 2007. As a statutory body, the Parent Council has the right to information and advice on matters which affect children's education. So, the school and the local authority must listen to what the Parent Council says and give it a proper response. Every school's Parent Council will be different because it will be parents/carers in each school who make the key decisions. The Parent Council is also entitled to support from the education authority in fulfilling its role.

### **Membership of the Parent Council**

Generally, members of the Parent Council must be parents/carers of children who attend the school and the chairperson must have a child in the school. However, the Parent Council can decide to co-opt other members from teachers and the community who will have knowledge and skills to help them.

A Parent Council has been established at Garrowhill Primary School. These representatives are nominated by members of the Parent Forum or through self-nomination approved by the Parent Forum. The term of office will be for a period of 2 years.

### **Pupil Voice**

Pupils from across the stages in the school are encouraged to take responsibility for decision making in a number of areas. We have an active School Parliament, comprising of elected pupils from each class. Our pupils are organised into eight 'houses' which are guided by elected House Captains and Vice-Captains. Our Junior Road Safety Officers continue to drive forward messages about road safety to all school stakeholders. We also have teams of Play Leaders, Sports Leaders, librarians and from each class, an Eco Committee Representative. This group forms a key part of our drive towards recognising the Global Sustainability Goals and maintaining our Green Flag status.

### Extra Curricular Activities

We have a wide range of activities that run to extend the learning experience. These include drama, arts and crafts, dance, netball, bikeability and football. Please check your child's schoolbag for information as places are popular and usually limited.

Good links with community organisations and our Active Schools Co-ordinator are vital for the success of these programmes. Please ensure the school app has been downloaded in order to keep up to date with latest developments.

### After School Care Service

We have a small after school care service, run by North East Circle Out of School Service which operates between Monday and Friday 3.00 - 5.45pm during term time. Please contact Jillian for any further information on: 07432 370964.

# Child Welfare and Safety

## Insert for Establishment Handbooks and Public Display

All educational establishments and services must take positive steps to help children protect themselves by ensuring that programmes of health and personal safety are central to the curriculum and should have in place a curriculum that ensures that children have a clear understanding of the difference between appropriate and inappropriate behaviour on the part of another person, no matter who.

As with other areas of the curriculum, you will be kept informed of the health and personal safety programme for your child's establishment.

Educational establishments and services must create and maintain a positive ethos and climate which actively promotes child welfare and a safe environment by:

- ensuring that children are respected and listened to;
- ensuring that programmes of health and personal safety are central to the curriculum;
- ensuring that staff are aware of child protection issues and procedures;
- establishing and maintaining close working relationships and arrangements with all other agencies to make sure that professionals collaborate effectively in protecting children.

Should any member of staff have concerns regarding the welfare or safety of any child they must report these concerns to the Head of Establishment or the person deputising for the head of establishment. He/She after judging that there may be grounds for concern regarding the welfare or safety of any child must then immediately advise the duty Senior Social Worker at the local Social Work Services area office of the circumstances.
